Lagos, Nigeria | 09042501493 | officialsuccesseze@gmail.com
Portfolio: https://successdigitalhub5.carrd.co | YouTube: TBS Studio

PROFESSIONAL SUMMARY

AI content creator specialising in AI-assisted cinematic storytelling, movie creation, and commercial video production. Skilled in developing concepts, writing scripts, planning scenes, generating AI visuals, and editing videos for digital platforms. Creates story-driven content as well as promotional videos for products and brands, with a focus on engaging visuals, clear storytelling, and polished final delivery.

CORE SKILLS

- AI-assisted movie and cinematic video creation
- Creative concept development and visual storytelling
- AI image generation and prompt design
- Character design and visual continuity
- Scriptwriting and scene planning
- Commercial, product, and promotional video concepts
- Video editing, pacing, transitions, captions, and sound
- Social media video formatting for YouTube, Instagram, TikTok, and Facebook
- Creative direction and final content packaging

AI & CREATIVE TOOLS

Google Flow for AI video generation • ChatGPT for ideation, scripting, and prompt development • CapCut for editing, captions, and sound • Carrd for portfolio presentation • Other AI image, video, and voice tools used per project

RELEVANT EXPERIENCE

Independent AI Content Creator & Video Editor | Freelance and self-directed projects | 2026–Present

- Develop AI-assisted video concepts from initial ideas through visual generation, editing, and final export.
- Create cinematic scenes and story-driven videos, including character-led storytelling projects.
- Develop short-form commercial concepts for products, services, and brands.
- Manage visual prompts, scene composition, pacing, transitions, and sound as part of the production workflow.
- Build self-directed portfolio projects to demonstrate creative and technical skills.

SELECTED PORTFOLIO PROJECTS

TBS Studio — AI Cinematic Storytelling

AI-assisted cinematic storytelling and African folktale projects for YouTube, with emphasis on scene development, character continuity, and visual atmosphere.

Printivo — Printing / Business Transformation Commercial (Spec Concept)

A concept commercial illustrating a business moving from manual processes to a modern workflow.

TECNO CAMON 50 ULTRA 5G — Technology Product Commercial (Spec Concept)

A cinematic product-ad concept designed to communicate product features through polished visual storytelling.

VELORA — Fashion Campaign (Spec Concept)

A fashion-focused concept using visual mood, lighting, and pacing for social media.

Zaron / Beauty by Daz — Beauty and Skincare Concepts (Spec Work)

Beauty-focused visual concepts created to demonstrate product presentation and short-form advertising skills.

Savannah Kitchen — Restaurant / Food Commercial (Spec Concept)

A short food-commercial concept using appetising visuals and a clear promotional message.

EDUCATION

Crane College, Lagos — WAEC (SSCE), 2024

WORK PREFERENCE

Open to suitable full-time, part-time, contract, freelance, and remote opportunities in AI content creation, cinematic video production, and commercial video editing.
