About me

HEY, I'M ROSELINE BOB-MANUEL

I'm a 19 yearold Nigerian content creator and video editor with around two years of video editing experience.

As a creator on TikTok and YouTube, I've learned that great content isn't just about filming it's about storytelling, pacing, creativity and knowing how to keep an audience engaged.

I enjoy transforming raw footage into engaging videos that reflect a creator's personality and connect with their audience.

I'm passionate about helping creators bring their ideas to life, one edit at a time.

Currently open to freelance video editing opportunities.

Editing samples: Before vs After

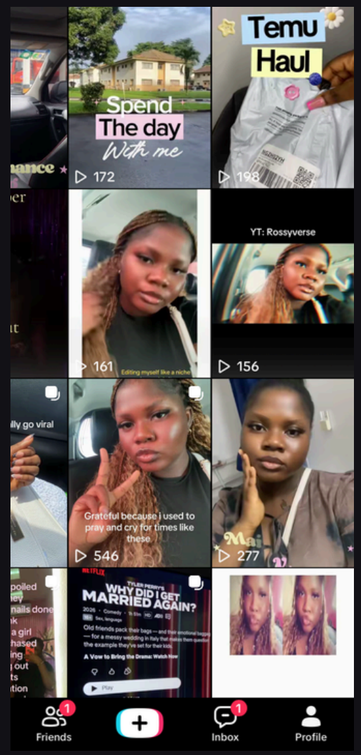

A good edit can transform ordinary clips into a more engaging viewing experience.

Depending on the project, I can help with:

- Removing unnecessary pauses and awkward cuts
- Adding captions, text and sound effects
- Syncing clips with music and voiceovers
- Improving pacing and storytelling
- Creating a consistent visual style

My goal: To make your content feel natural, engaging and true to your brand.
