AI CONTENT CREATION PORTFOLIO

CuriosityAIView

Creating Cinematic AI Videos, Fantasy Visuals & Inspirational Content.

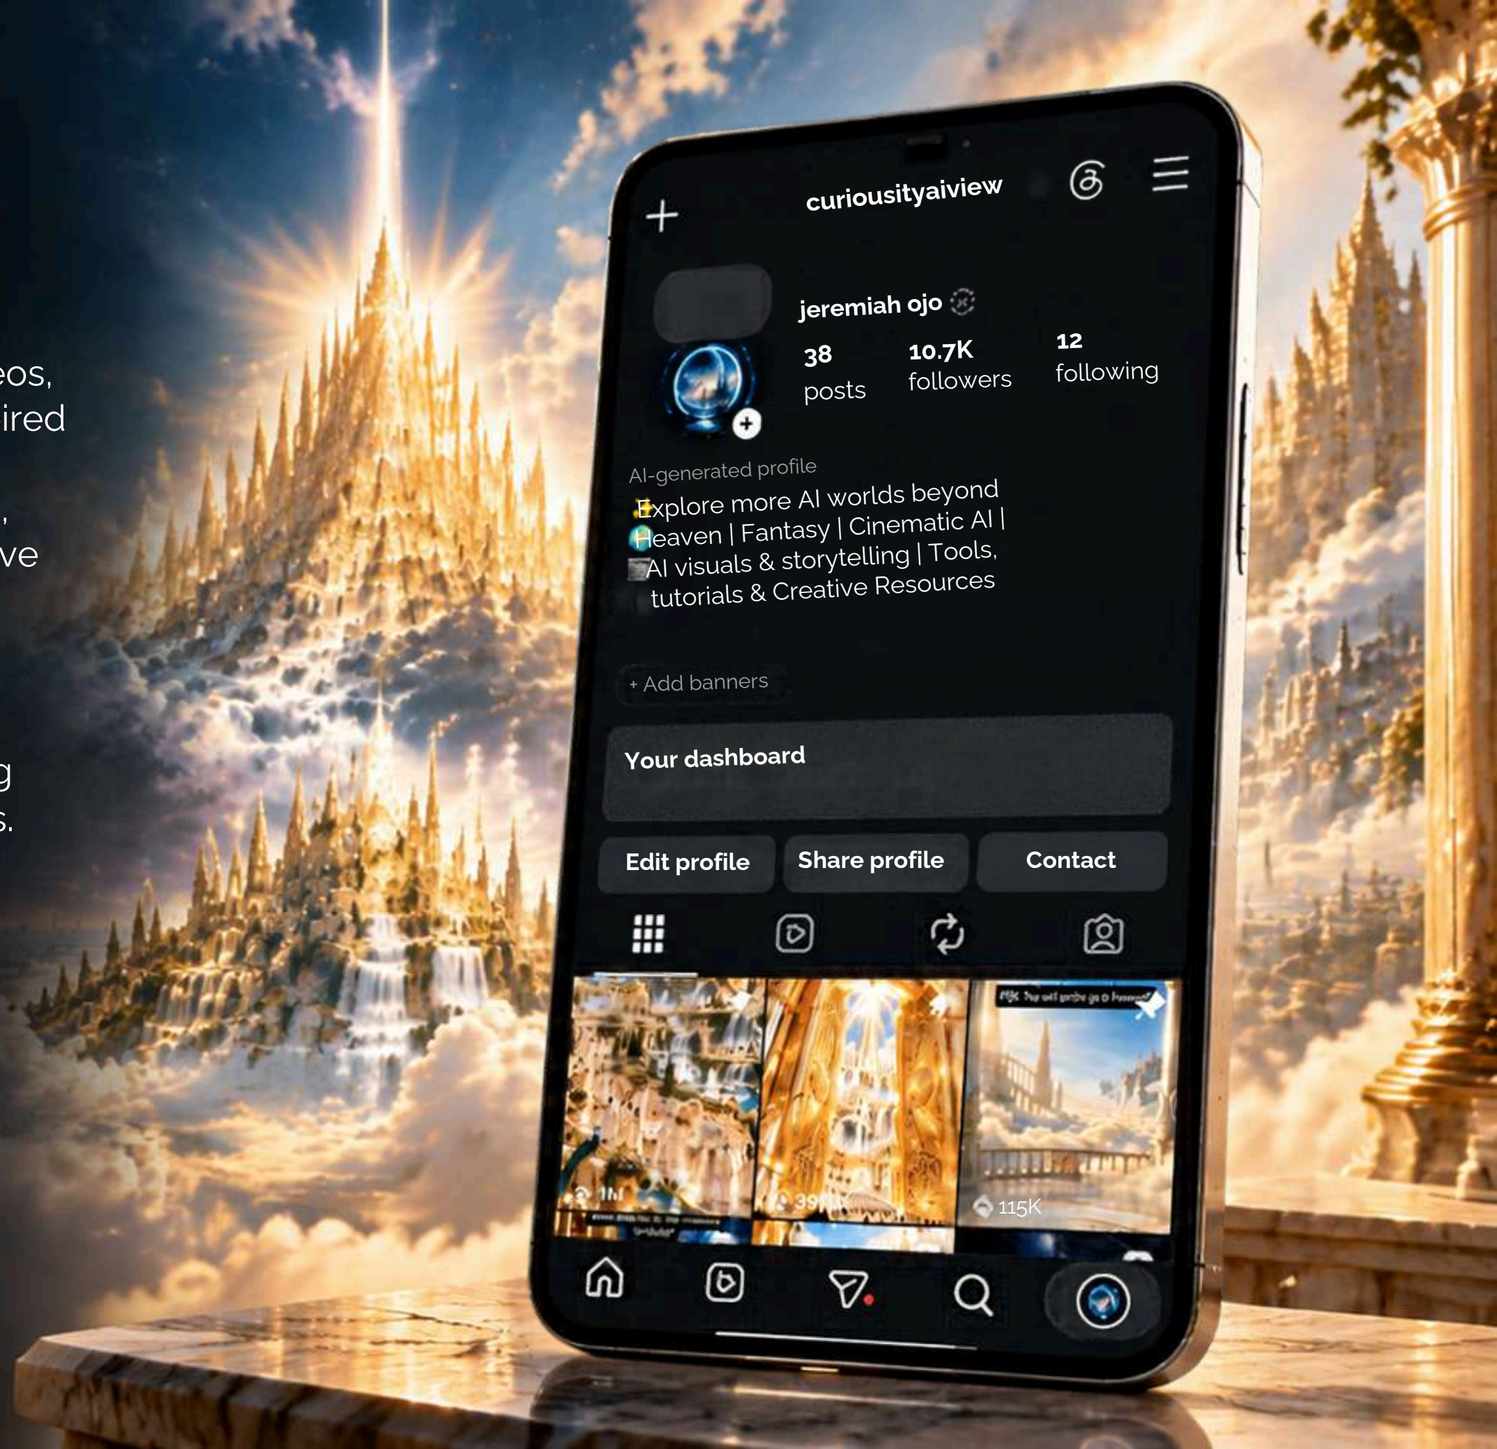

ABOUT THE CREATOR

I am an AI content creator specialising in cinematic AI videos, heavenly environments, fantasy visuals and Christian-inspired inspirational content. Through CuriosityAIView, I create imaginative digital experiences using AI image generation, prompt engineering, image-to-video animation and creative storytelling.

I have practical experience developing visual concepts, generating AI scenes, creating short-form content, editing videos and publishing content for social media audiences.

MY CREATIVE SPECIALTIES

Cinematic AI Video Creation
AI Fantasy Environments
Heaven and Paradise Visuals
Christian and Inspirational Content
AI Image Generation
Prompt Engineering
Short-Form Social Media Content

90-DAY PERFORMANCE ANALYSIS

Instagram performance insights

Content views and audience reach
30 days

Follower growth over time
30 days

PERFORMANCE CASE STUDY

Insights show a discovery spike

1,009,055 views across the last 30 days.
+6,039 net followers.
96.4% non-followers.

The attached Insights screen makes the pattern legible: one pronounced peak, followed by a lower sustained range.

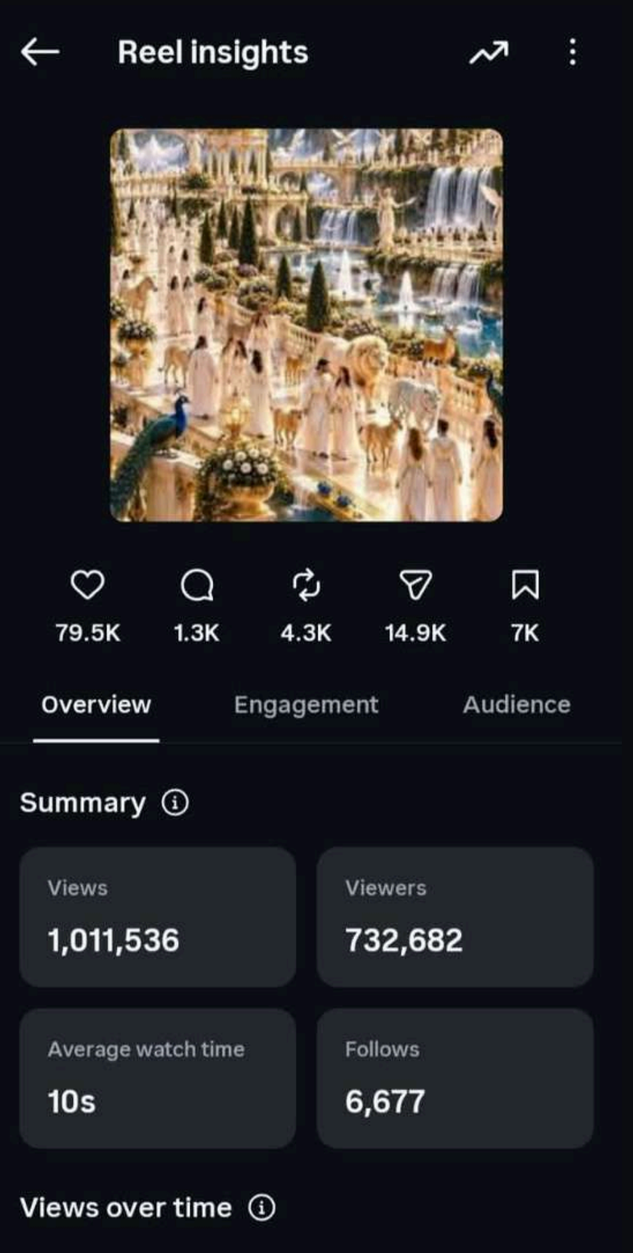

REEL PERFORMANCE

Verified performance metrics

1,011,536 views
732,682 viewers
10s average watch time
6,677 follows

All figures are transcribed from the attached Instagram Reel insights screenshot.

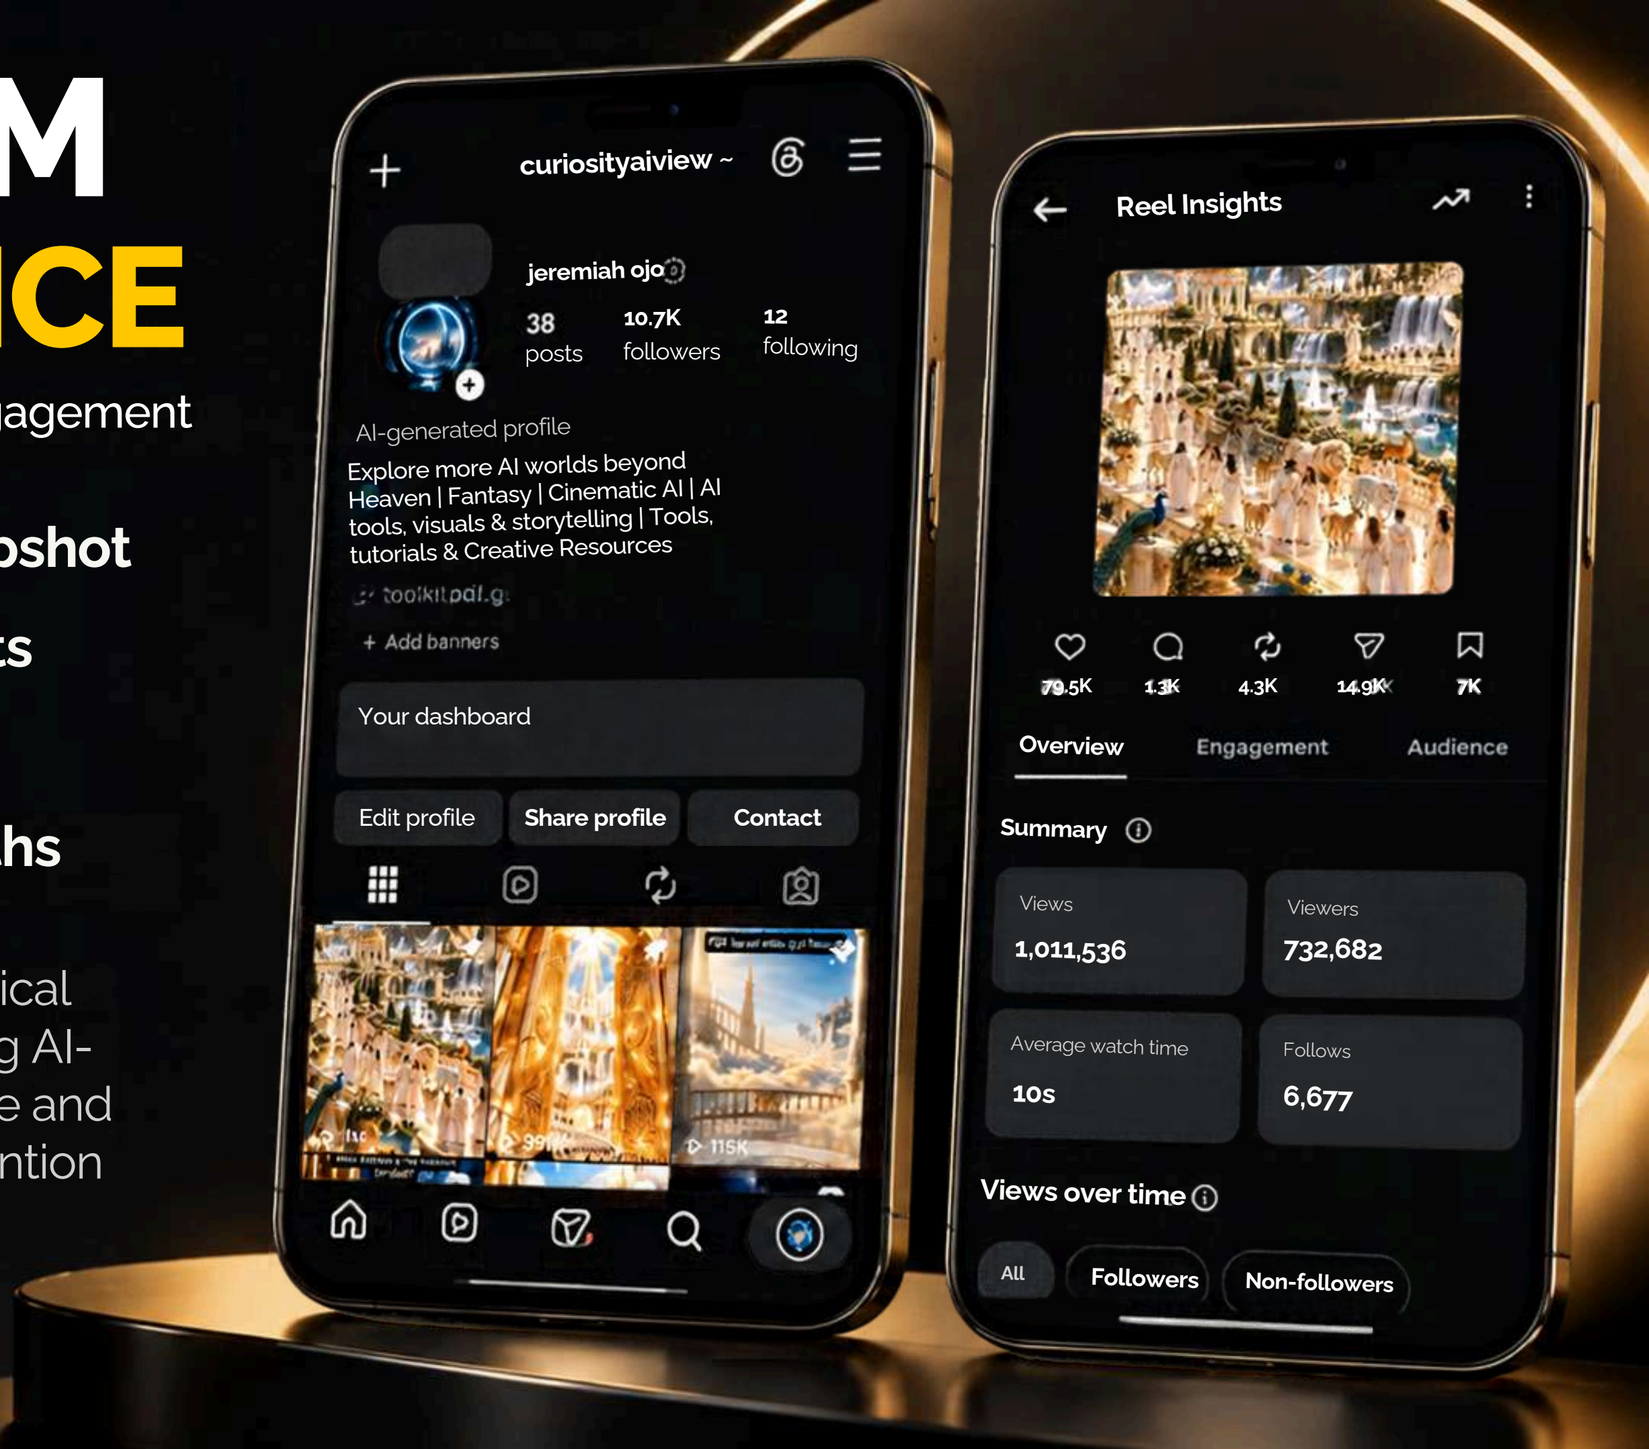

INSTAGRAM PERFORMANCE

Organic Content Growth & Audience Engagement

- **10.7K Followers — profile snapshot**
- **1,011,536 Views — Reel Insights**
- **38 Posts — profile snapshot**
- **Account age: less than 3 months**

CuriosityAIView demonstrates my practical experience in developing and publishing AI-generated content, building an audience and creating visual content that attracts attention organically.
